Manager Strathmore Branch

LOCAL JOTTINGS.

A meeting will be held on Monday evening in Lloyd's Hall to discuss arrangements for the holding of Dominion Day sports in Strathmore. Everyone in town is invited to turn up, and members of last year's sports committee are especially invited to attend. We understand there is a substantial surplus over from last year's sports.

Corporal Johnston and Constable Wright, R.N.W.M.P., stayed here overnight on Wednesday on their way to Bassano, where they are opening a detachment there. Corporal Johnston was for three years in charge of the detachment at Red Deer.

Mr Richard Waddy, M.R.C. V.S., Liverpool and London, brother of Dr. C. E. and Mr. J. W. Waddy, and who has been for the past two years veterinary surgeon to the R.N.W.M.P., has made arrangements for starting a practice at Bassano.

A prominent visitor here this week is Rev. Mr. Bingham, of Fargo, North Dakota, who is here with his wife and family. Mr. Bingham is going to conduct the service in the Methodist Church tomorrow morning.

Don't look sour! Use Gr. at West Woven Wire Fencing and smile.—Sold by C. W. Chase, Strathmore

Mr and Mrs J. W. Cope, accompanied by their daughter, arrived in Strathmore on Wednesday from Sheffield, England. They are taking up residence with their son, W. B. Cope, 2 1/2 miles north of town.

Mr A. Fraser, of Oxford Nova Scotia, arrived here Friday, and is putting up a residence on First Street. Mr Fraser is father-in-law of Mr H. J. Spicer, headmaster of Strathmore School. His family will follow him here in about a couple of months time.

The Alberta Pacific Elevator Co., through Mr F. K. Lilly, the local agent, thank Mr. H. J. Spicer, headmaster of Strathmore School, for their favors this spring, and extend their best wishes for a bumper crop.

An enjoyable function should be the dance which Mr Paul J. Harrison intends giving in the dining hall of the newly-opened Modern Rooming House on June 10. Tickets, including upper, cost \$1. Hirtle's Orchestra will provide the music.

Do it now! Fence your farm with Great West Woven Wire Fencing.—Sold by C. W. Chase, Strathmore

Says this week's "Okotoks Advance"—"Thomas Wright, of Strathmore, came in on Monday evening and returned next morning. Mr Wright is one of the boosters of that hustling town, and makes good reports of Strathmore."

Mr H. N. McKay, of Ayr, N.D., was in town on Monday. He is running a camp 12 miles north of town, and ships in a fine bunch of horses. He is exceedingly pleased with Alberta prospects.

Mr H. H. Hones, of the C.P.R.C., arrived in town this week.

Mr F. D. Abbott, of Calgary, visited his farm 12 miles south of Strathmore, this week a 2 1/2 inches his winter wheat to be found high. He took some samples up to Calgary with him to show the people there.

"KING ALFALFA."

By PROFESSOR ELLIOT, SUPT. C. P. R. DEMONSTRATION AND SUPPLY FARM, STRATHMORE

CONCLUDING ARTICLE

ALFALFA FOR PASTURE

Under irrigation, it is very surprising what alfalfa will produce in the way of pasture. The writer pastured 30 head of cows on 29 acres of land for five months. This pasture had a mixture of grasses; but alfalfa formed the principal part. The 29 acres not only provided food for the 30 cows, but produced more than they could use, so that 12 acres were fenced off and 12 tons of hay cut and put in the barn. Besides producing the 12 tons of hay, the cows from this 29 acres produced \$825.00 worth of butter. Of course, this was irrigated land; but it shows what a crop of this kind will do in the way of pasture when given a chance. Alfalfa pasture, with a small grain supplement, will produce the choicest and best hog meat grown. It is also excellent for both sheep and horses. There is one thing, however, when alfalfa pasture needs a little care, especially for dairy cows, and that is in the fall when the first serious frosts come. If cows are turned on to the "straw-tipped" pasture, the first thing in the morning, there is occasional danger of bloat. However, if the dairyman will take the precaution to feed his cows on such a morning, so that their stomachs are full when they go to the pasture, they will then eat more slowly and of course not so much. In this way, the danger of bloat is practically overcome.

ALFALFA ON DRY LAND

Heretofore this discussion has been considering this valuable crop from the standpoint of the irrigator. A few words might be added with respect to the adaptability of alfalfa for the so-called dry lands. In some sections of Montana, where there have no more rain fall than they have here in southeastern Alberta, farmers are having fairly good success with alfalfa.

It generally takes a year to summer fallow or "summer till" the land to get it in shape for alfalfa seeding. During the entire summer the land is kept perfectly free from weeds by tillage. After every shower the harrows are put on the soil to restore the dust mulch and thus, as it were, bottle up the rain that has fallen. It is astonishing how much of the moisture that falls in a year may be preserved for the crop of the following year by constantly maintaining an earth mulch. The harrows should be used almost constantly the next spring, up until you are ready to sow the alfalfa seed. It might be well to both inoculate the seed and use inoculated earth on the land selected for the alfalfa. Drag the inoculated earth and seed well into the seed bed, and again preserve the earth mulch until the crop comes up. As soon as it is safe after the alfalfa comes up, and after each rain run over the surface with a special light harrow to keep the rain-packed surface at the ground broken up. Usually on dry land only one crop is secured per year, varying from one ton to perhaps two tons per acre. The value of this crop on dry land, just like in irrigated land is not altogether the crop of hay secured. Equally as great value comes to the soil in addition of nitrogen, and when the roots are ploughed under, there is more benefit in the added humus. This benefit keeps on increasing year by year, for with more humus the more moisture is held by the soil, and with more moisture we are able to produce larger crops. Thus the cycle of benefit to the land keeps on year after year.

It is certainly worth while to every farmer on dry land his power to use every effort within his power to get this crop started on his land. Thus, for the benefit of man, and the nourishment of his beasts, the greatest of all crops is alfalfa.

Messrs Chas. Fuller, Auguste Rugg, and G. T. Fellows, of Denver, Colorado, were here last week on the outlook for land

MANAGER—JOHN MACKENZIE

SATURDAY, JUNE 4, 1910.

Varied Weather
WIND, SNOW, SUNSHINE

For the past few weeks the farming community have been anxiously looking for a good supply of moisture, and this week they had their wish. Although no actual damage had been done to the crop, the dryness of the season had retarded progress somewhat, and in some cases raw breaking had to be stopped on account of the toughness of the soil. The weather had threatened rain several days last week, but it never materialized. On Wednesday morning, however, a very high wind sprang up, bringing with it a heavy fall of snow, which continued till Thursday forenoon.

Considerable damage to property was done as the result of Wednesday's gale, and a number of signboards, etc., are blown out. The only serious damage, however, was done at the Duff Block, where the most of the metal work was blown off and deposited at the end of the Crown Lumber's yard. Fortunately there was no one on the road at the time, or the consequences might have been serious.

The net result of the week's weather has been a copious supply of moisture, which will be of incalculable value to the crops.

Police Cases

Quite a bunch of arrests was pulled off at Langdon this week by Officer T. H. Irvine, R.N.-W.M.P., and tried before Justice Cowen.

T. Hill, of Langdon, was fined \$25 and costs for a prairie fire which took place on May 17.

Chas. Kinner, Feather Tail, Featherwhite, Armarass, and Good Rider, five Indians with high picturesque names, imbibed too freely of firewater, and were brought before Justice Cowen charged with being intoxicated and were each fined \$5 and costs.

Chas. Hinton was fined \$10 and costs with the alternative of two weeks' imprisonment in case of hard labor for causing a disturbance in Langdon.

Provincial Exhibition

The Acre Yield competition is a new idea for an exhibition. The following prizes are offered:

Winter wheat 100 50 25 15 10 5
Spring wheat 100 50 25 15 10 5
Oats 100 50 25 15 10 5
Barley 100 50 25 15 10 5
Flax 100 50 25 15 10 5

The average amount of grain grown on an acre must be shown, and will be judged 60 per cent. for quality, 20 per cent. for purity, 15 per cent. for quantity, and 5 per cent. for acreage. The Exhibition Company pays all freight charges on exhibits originating in Alberta. It is not likely that any province in the province has seen the quantity of grain grown on an acre in a pile by 100 wheat exhibits now being sent from all over the province. Some districts are taking a particular interest in this feature as in the case of Lloydminster Agricultural Society who have already secured six exhibits from their district. The other features of the exhibition promise to be of more than ordinary interest, and the excellent music and attractions, low rates, and special trains will undoubtedly make the attendance the largest yet. The entries close on the 18th of June.

Lively times should be ahead of us now that we are going to have an election.

REAL ESTATE AND INSURANCE

MY POLICY

CITY PROPERTY AND FARM LANDS

Being to promote my business by making Quick Sales, Small Profit, and giving Satisfaction to my Patrons,

I believe that men buying Real Estate consult their own interests by making careful investigation of the merit and value of the property being sold and the country in which it is located.

Without question STRATHMORE is one of the coming places of Alberta, and why not? Being surrounded by one of the Best Agricultural Districts in the land. Farm Property here has increased in value nearly one-half in the past year.

There is a reason.
Here are a few of the many Good Buys I now have listed—Land which I could recommend in every particular:

WHEAT averages 35 to 40 Bushels to the Acre in this Locality in 1909
OATS average 100 Bushels to the Acre in this Locality in 1909

This is the One

Two Sections of the very best Non-irrigable Land in the country: 5 miles from R.R.; 700 acres and into crop, consisting of spring wheat, oats, and flax. A new Hart-Parr gasoline engine and plow, 24-horse, 1 binder, 3 discs and harrows. This land is fenced with 3 wires, cedar posts. I know of no better proposition at \$10.00 per acre, \$12,000 cash, but arranged. This crop is in first-class shape and all the work is done with the engine. Everything goes at \$10.00, get busy and get this money-maker quick.

An Improved Farm, and a Good One

10 miles from Strathmore.
640 acres, 100 broken and into crop; every foot tillable; good house, 12x22, two storeys; extra good barn, 28x22; machine shed and cow barn; grainer, 12x14; best well in the country, and fine windmill; all fenced and cross-fenced, cedar posts, and 3 wires. Price, only \$34.50 per acre

\$3,000 Cash handles this Deal. Ill-health of owner the only cause for Sale

Another Improved Farm

9 miles from Strathmore. 80 acres, all broken; fine soil, all irrigable, all fenced; within 1/4 mile of proposed railroad. \$26.50 buys this excellent piece of property. \$1,000 Cash, balance arranged.

480 Acres of Excellent Land

300 Dry and 113 Irrigated. At present this farm is 30 miles from railroad, but new road is now under construction within 4 miles. 100 acres broken and sowed to flax; rest good land; excellent barn, house costing \$20,000; good well. This exceptionally good farm at only \$20.00 per acre. \$2,500.00 cash, balance to suit purchaser. Interest 5 per cent.

Another Improved Farm

Only 1 1/2 miles from Strathmore. 80 acres, 60 broken; chocolate loam; good house, 24 by 28, 1 1/2 storeys, 4 rooms, good stable; grainer, 12x14 and 12x16; good well; all fenced, cedar post and 3 wires. This cheap at \$40.00 per acre; \$1,000 Cash, balance arranged; lat. 7 p.c. This would surely be a money-maker.

A Quarter Section

4 1/2 miles from Strathmore. 1600 acres, 1400 and well, chocolate loam. This is a bargain, at \$24.00 per acre only required; \$500.00 to handle this, balance arranged, lat. 4 p.c.

Scarcity of space requires me to conclude this list, but I can furnish on demand Descriptions and Prices of any Amount and Location a person could desire, within a range of 50 miles in any direction. Terms, accurate descriptions, and exact location of any of the above-described Property furnished cheerfully and promptly. ADDRESS:

Brighten Up
A SHERWIN-WILLIAMS PAINT
SHERWIN-WILLIAMS PAINT, Prepared (S. W. P.)

Paint Now

If your house, barn, or any buildings on your place need painting, there is no better opportunity offered than the present for brightening them up.

SHERWIN-WILLIAMS PAINT, Prepared (S. W. P.) is the best paint for outside use. It makes a high quality paint like S. W. P. You can preserve the paint for your house for many years, so that it will look bright and fresh when other houses that have not been painted or have been finished with a cheap paint are showing the effects of the weather and sun. Paint now and keep your buildings in good repair by protecting them from weather exposure. Don't forget, too, that the inside of the home can be made more cheery by brightening up the little things such as tables, chairs, woodwork, etc.

SHERWIN-WILLIAMS BRIGHTEN UP FINISHES is a line of inside finishes, manufactured especially for the use of the householder and the housewife. It includes a paint, stain or enamel for every surface in and about the house. No matter what you want to do over—you only have to ask for S. W. Brighten Up Finishes and you will get the right product for the purpose at hand.

We are Sherwin-Williams agents and carry a full line of their products. Come in and tell us your paint problems and let us help you to solve them.

Riley Resigns

A Contest Certain

Mr. E. H. Riley, M.P.P., representative for the riding of Gleichen, has resigned and has addressed a letter to his electors setting forth his reasons for taking such action. His retirement is creating great interest in political circles.

Riley will probably be a candidate for reelection.

The retiring member explains his reasons for taking the action which he did in very pointed and forceful language. He says:

"The members of the legislature (not the government) appointed a judicial committee to investigate the Alberta and Great Watways contract, and, pending the taking of evidence and the reception of the committee's report, the house agreed to an adjournment. From the very moment adjournment took place certain influences began to work with a view to frustrating the will and wishes of the people, and it will forever be a stain on the province and to the lasting disgrace of the individuals concerned, when posterity is informed that two of the supposedly highest dignitaries of the province—Chief Justice and Lieutenant—Governor—were the prime instigators in the nefarious work."

He protests against the sudden prorogation and says:

"At the expiration of the adjournment the commission had not completed its labors, but instead of allowing the members to enjoy that right and privilege which is their's—of moving a further adjournment, the Lieutenant Governor took upon himself the responsibility of proroguing the house and calling upon his assistant in the work of political joggery, to form a Ministry. I, protest, gentlemen, against these tactics. Liberalism does not gain in honor or strength by the elimination of its ranks of such men as the Hon. W. H. Cushing, and the calling in of men who are absolutely without any political standing or following in the province; nor does the province gain prestige or honor by such tactics as have during the past few weeks defaced it."

"The elimination of Mr. Cushing he protests against. It was as a result of the fight put up by Mr. Cushing and his followers, that led to the downfall of the government of the day, and held that it was and is the will of the people that Hon. W. H. Cushing should have been called upon to form a government in succession to the Rutherford Ministry."

"Any other action on the part of the Lieutenant Governor is contrary to constitutional practice and tends to discourage honesty and straightforwardness in public life."

"We have arrived at the point when the services of the best men are required at the helm. If such men are to be driven from public life by mere party employees, and if the will of a free people is to be ignored merely to promote the interest of a certain clique, then gentlemen, I, for one, must cease to ally myself with that party."

"I hold that the people of the province should be given an opportunity at the earliest possible moment of saying who shall be their political leaders. I hold that the Alberta and Great Watways contract should be cancelled without a moment's hesitation. I hold that, in the composition of a new ministry no member of the late government which was responsible for that deal, should find a place."

CONSERVATIVE CANDIDATE TO BE RUN.

DISCLAIMER BY MR. J. W. WADDY.

The Editor *Strathmore Standard*. Sir,—In connection with the forthcoming by-election in Gleichen constituency, made necessary by Mr. Riley resigning his seat, it is rumored that the Conservatives will not run a candidate. Can I please use a few lines to deny this assertion as the Conservatives intend to carry this constituency with a straight party candidate.

Yours truly,

J. W. WADDY.

One of our local merchants reports that he has doubted his business within the past three months. That's going some, even Dr. Strathmore.

Mr. and Mrs. E. M. Dowell, of Carbon, were in town on Wednesday.

Mr. and Mrs. Hawkshaw and family of six arrived yesterday from Ireland.

Mr. and Mrs. G. D. Dewitt are on their way back to their old home in Lynn Centre to wind up their business there. After that they will return finally to their Strathmore home.

Mr. D. B. Elliot, of Omro, Wisc., was up here the other day looking over his Strathmore interests.

A happy smile overspread the countenance of the Strathmore townspeople and farmers when the snow began to fall on Wednesday, and broadened all the time as the snow deepened.

An engine and seven cars were derailed on Monday in the station yard, and considerable damage was done.

Jimmy Fax is again to visit us, and once more we will laugh over his quaint sayings and his delightful comedy. He appears here on June 13, and the evening is eagerly anticipated. His appearances all over are greeted with great success and this tour of Western Canada is no exception to the rule. Many of our citizens who years ago listened with greatest pleasure to him, will again have an opportunity of hearing the king of Canadian comics. He is under the direction of Wallace Graham, of Brandon, whose past efforts to cater to the entertainment loving public have always met with the most pronounced success and whose name has always stood for the very best in attractions.

During the week Messrs Carson and Gilling, who have purchased a section of land east of town, paid a couple of visits here. They were accompanied by Capt. Daley who is also a large land holder in this district. The Capt. is very handy with a knife, and no doubt will have a number of pictures of Sunny Alberta, including donkey and gopher hunts, to take back to their country try with him. These gentlemen hail from the mother land where they expect to spend the next week to bring back their wives and families. They say that although they have travelled over a considerable portion of the world they have not seen any place to come up to Strathmore as a place to take in the "quids," and with the same possibilities for sport, as gophers are very numerous and provide great targets for experts with automatic pistols and air guns. Our best wishes go with them for a pleasant voyage and a safe and speedy return to home, where they can always be certain of a hearty welcome from Teddy and S.

Town Council Meeting.

A meeting of Strathmore Council
was held last Friday, all the mem-
bers being present. Mr. F. T. Mc-
Elhoes presided.

It was agreed to instruct Messrs
Black and Bond to put a culvert
over the lateral at the west end of
the town.

The Council also agreed to burn
off the old nuisance ground.

The Secretary-Treasurer was in-
structed to advertise for a dog-
catcher for the town.

The condition of Second street
was called attention to, and it was
agreed to have it cleaned up from
the King Edward Hotel to the
Union Bank.

A resolution was adopted in re-
gard to pool rooms, bowling alleys,
etc., in the town, fixing a tax of
\$10 for one table and \$5 for every
other table, also a tax of \$5 for
each bowling alley. The resolu-
tion further stated that all pool
rooms be closed at 11:30 every even-
ing, and that no children under 16
be allowed to play or watch games
in the.

LANGDON NOTES.

Another cow killed by the C.P.R.
This time the Bassano local did the
damage.

The person is still without his
horses.

Rev. Mr. Edwards will preach
next Sunday at Langdon at 3:30
p.m.

Next Sunday there will be a
union temperance service in the
Methodist Church under the aus-
pices of the W.C.T.U. An address
will be delivered by Rev. Mr. Had-
field. The W.C.T.U. contemplate
having an elocution competition in
the near future.

Rev T. A. Bowen left on Monday
evening to attend the Methodist
Conference at Red Deer this week.

Mrs Geo. Henderson has opened
her new store on Main Street, and
has a fair stock of useful articles,
classified in lots of different prices
from a nickel up. She expects 3
crates of goods this week, which
will supply her with a full stock of
china, glass and tinware and notions
of all kinds. Mr. Henderson re-
mains at the old stand butcher
for S. W. Wilson.

There were two well-drilling ma-
chines unloaded here this week.

J. D. Barber and family have
moved into the new boarding-house,
and we trust that this move of our
esteemed councillor may prove a
great success. The building is al-
most complete except a few fixings
around the veranda. Both the up-
stairs and downstairs halls open on
a front veranda. It contains 7
bedrooms on the second floor. They
have been newly furnished and car-
peted. The ground floor contains a
capacious hall and sitting room,
kitchen, and a large dining hall,
2 bedrooms, and kitchen, and the
cellar of the old house which was
burned has been converted on the
walls and floor and makes a very
convenient store room. The ceiling
of the dining room is very tastefully
painted. A very finished cellar and
wainscoted in the same. Already
nearly all of the rooms are engaged.

Rev. F. E. Davies and sons have
put in over 300 acres of crops this
season and the boys have put in
about 100 acres for Miss Piggally.

Mr L. O. Harrington and his
three sons are enjoying life on the
homestead north of the Red Deer.
They were joined last week by Mr.
Harrington's sister, who has filed in
homestead and pre-emption.

Mr Broady's steam plow has just
been fitted with a quarter section just
north of O. Graft's home, while Mr.
Graft with horses has a contract of
breeding 100 acres 2 miles north of
that again.

Mr F. H. Burnett, an enterprising
young Englishman, has taken up a
half section just south of Captains
Carroll and Benymann's, and has
J. McDougall's plows and his
own horses busily at work breaking
two acres.

J. McDougall has purchased a new
New Massy engine for plowing
and threshing, and has sold the old
one to Lloyd & Baker.

Captains Bunnamy and Towns-
end broke up in the vicinity of 300
acres by steam this spring and have
it almost all under crop.

Dr. Lincoln of Calgary, recently
appointed to the important office of
chief medical superintendent of the
General Hospital, is a brother of
A. G. Lincoln of Langdon.

In shunting in the yard a freight
car was completely knocked over on
its side, which necessitated a visit
of the auxiliary car and crane from
Calgary for an hour or two.

Messrs Groves & Zulu are busy
about one and a half miles south of
town erecting buildings on Mr.
Campbell's farm.

There was a meeting of the Agri-
cultural Association held in Hicks'
Hall on Saturday afternoon last.
About 25 farmers were present. As
the government recognition of this
local branch of the association has

PILLOWS AND BLANKETS	BEST GROCERIES	ONE PRICE TO ALL	CROCKERY AND GLASSWARE	BOOTS AND SHOES

--	---	--	--	--

Mr. W. Preston and his partner,
Mr. Gutz, of Delaware, were in
town on Saturday. Mr. Preston
rode up on a fine Kentucky saddle
horse imported by him last fall.

Mr. P. O. Rear was in town on
business on Saturday and enjoys
life on his farm about 9 miles south.

Mr. F. C. Baker has the lumber,
sand, and stone on his lot in the
west end ready to start a new
dwelling as soon as the contractors
can get to work.

The L. I. Committee, we under-
stand, are opening a new road from
the ditch south of Langdon east to
pass J. C. Fortin's.

J. C. Fortin, 5 miles south of
the town, has the materials on hand
to build a new house and barn, and
will get busy this summer. He is
at present occupying the Patterson
Farm, but has put a considerable
crop on his own, and has the
ground prepared for a nice hedge of
trees.

On a trip from Calgary we
noted that the C.P.R. trees, which
are to take the place of the old snow
removers are all growing well. The
pains taken by the C.P.R. should be
copied by the farmers at large. It
would surely break the monotony
of the bald prairie and add to the
beauty of the landscape to see them
surrounding every farm house.

Messrs Groves & Zulu are busy
about one and a half miles south of
town erecting buildings on Mr.
Campbell's farm.

There was a meeting of the Agri-
cultural Association held in Hicks'
Hall on Saturday afternoon last.
About 25 farmers were present. As
the government recognition of this
local branch of the association has

not come to hand yet the officers
appointed were provisional. It is
expected that the government ap-
proval will be given as soon as
affairs get settled at the Capital.

Following are the officers and ex-
ecutive: President, T. A. Hicks; first
vice-president, Thomas Copeland;
second vice-president, L. K. Mc-
Connell; secretary, William

Cavels; directors, Messrs C. E.
Fulton, Frank Warner, Matthew
McDougall, Colin McDougall, James
Moran, Frank Adamson, Noah
Doyle, N. A. Larratt, and Mr. Read.

Suggestions were made concern-
ing a fair and other matters relating
to the good of the farmers, but nothing
definite was done.

We are sorry to learn that Mrs.
Hawley met with a rather painful
accident last week by being thrown
from a buggy and having the
wheel's pass over her. The shock
to a lady of her age was severe,
but we are pleased to report that
under the care of Dr. Wright she is
able to be around again.

A Fleming, manager of the
Alberta Grain Co's Elevator, has
moved into Edw. Armstrong's
cottage, east, recently vacated
by J. D. Barber.

CHEADLE.

The annual meeting of the
Board of Trade was held last
Saturday, when important
matters regarding the town's
welfare were discussed.

Master Howard Lyons was
kicked on the face by a horse
last Sunday, and although his
injury is painful, happily he has
escaped disfigurement.

Two gentlemen visited and
inspected the farm of J. H. Miner
last Sunday, and are pleased to
comment favorably on the fine
rich appearance of the crop of
oats, they are particularly
anxious that this time the agent
has come to stay.

The people are indeed pleased
with our new man, Mr. Hunt,
and he is a man that is cap-
able of looking after the railway
company's and public interests
alike, they are particularly
anxious that this time the agent
has come to stay.

The house of Mr. John Taylor
is well on towards completion,
which no doubt will greatly
please his wife and family, when
they arrive in Cheadle next week
from Scotland.

Mrs James Maclean sent a
few days last week in Bassano,
where her husband has large
business interests.

Miss G. Smith is spending the
next few weeks at Claresholm
with her sister, Mrs McKinnon.

A gentleman of the light-
fingered fraternity visited Cheadle
a few weeks, and took away two
valuable saddles without asking
for them, belonging to Mr Felgar
and Mr Amidon, and as he
left no address, we are anxious to
locate him.

Mr Doyle lost about \$200 in
his last business trip, the loss
was not recovered.

Two gentlemen visited and
inspected the farm of J. H. Miner
last Sunday, and are pleased to
comment favorably on the fine
rich appearance of the crop of
oats, they are particularly
anxious that this time the agent

from Scotland.

Mrs James Maclean sent a
few days last week in Bassano,
where her husband has large
business interests.

Miss Malone, a school teacher
from North Dakota, is stopping
at Mrs Kramon's. Miss Malone
purchased land in the district,
and is superintending the
improvements to the same. It
is understood that if she had a
school near by she is open for
engagement for teaching.

W. Conliffe and staff are busy
painting the chis-house. They
were put back in their work by
the do-it-yourselfers last week. It
is expected that it will be ready
for occupation in about a week,
and Miss Wilton is preparing the
school and other friends assisting
to give a good send off.

There were upwards of 5 men
hired in the chis-house. The day
was a decided success throughout.
The horse-
races were good, Irricana won
both baseball and football on
Carlton, and the ball in the evening
was largely attended.

J. W. Elliot is back again from
Saskatoon.

Notices are out announcing
the opening of the new union
church on June 5. Several
speakers of note will be present,
and deliver addresses.

Rev. J. Reid was in Calgary
for a couple of days last week
on his way to the opening of the new
church.

Rev. H. W. Cook is going to
Calgary this week to attend the
annual conference.

Mr. W. Preston and his partner, Mr. Gutz, of Delaware, were in town on Saturday. Mr. Preston rode in on a fine Kentucky saddle horse imported by him last fall.

Mr. P. O. Rear was in town on business on Saturday and enjoys life on his farm about 9 miles south.

Mr. F. C. Baker has the lumber, sand, and stone on his lot in the west end ready to start a new dwelling as soon as the contractors can get to work.

The L. I. Committee, we understand, are opening a new road from the ditch south of Langdon east to pass J. C. Fortin's.

J. C. Fortin, 5 miles south of the town, has the materials on hand to build a new house and barn, and will get busy this summer. He is at present occupying the Patterson Farm, but has put a considerable crop on his own, and has the ground prepared for a nice hedge of trees.

On a trip from Calgary we noticed that the C.P.R. trees, which are to take the place of the old sawn ones are all growing well. The pains taken by the C.P.R. should be repaid by the farmers at large. It would surely break the monotony of the bald prairie and add to the beauty of the landscape to see them surrounding every town house.

Messrs. Grove & Zuffel are busy about one and a half miles south of town erecting buildings on Mr. Campbell's farm.

There was a meeting of the Agricultural Association held in Hicks' Hall on Saturday afternoon last. About 25 farmers were present. As the government recognition of this local branch of the association has

not come to hand yet the officers appointed were provisional. It is expected that the government approval will be given as soon as affairs get settled at the Capital. Following are the officers and executive: President, T. A. Hicks; first vice-president, Thomas Copeland; second vice-president, L. K. McKinnon; secretary, William Cassels; directors, Messrs. C. E. Fulton, Frank Warner, Matthew McDougall, Colin McDougall, James Moran, Frank Adamson, Noah Doyle, L. A. Laratt, and Mr. Read. Suggestions were made concerning a fair and other matters relating to the good of the farmers, but nothing definite was done.

We are sorry to learn that Mrs. Hawley met with a rather painful accident last week by being thrown from a buggy and having the wheel's pass over her. The shock to a lady of her age was severe, but we are pleased to report that under the care of Dr. Wright she is able to be around again.

A Fleming, manager of the Alberta Grain Co.'s Elevator, has moved into Edw. Armstrong's cottage, east end, recently vacated by J. D. Barber.

CHEADLE.

The annual meeting of the Board of Trade was held last Saturday, when important matters regarding the town's welfare were discussed.

Master Howard Lyons was kicked on the face by a horse last Sunday, and although his injury is painful, happily he has escaped disfigurement.

Two gentlemen visited and inspected the farm of J. H. Miner last Sunday, and are pleased to comment favorably on the fine crop appearance of the crop of oats he has growing, and on the good condition of the crop generally from Scotland.

The people are indeed pleased with our new agent, Mr. Hunt, and as he is a man that is capable of looking after the railway company's and public interests alike, they are particularly anxious that this time the agent has come to stay.

The house of Mr. John Taylor is well on towards completion, which no doubt will greatly please his wife and family, when they arrive in Cheadle next week from Scotland.

Mrs. James Maclean spent a few days last week in Bassano, where her husband has large business interests.

Miss G. Smith is spending the next few weeks at Claresholm with her sister, Mrs. McKinnon.

A gentleman of the light-fingered fraternity visited Cheadle last week, and took away two valuable saddles without asking for them, belonging to Mr. Ferguson and Mr. Ambidon, and as he left no address, we are anxious to locate him.

DAIRY.

Mr. Dingle lost about \$200 in hay and straw on the 15th inst.

Miss Malone, a school teacher from North Dakota, is stopping at Mrs. Kennon's. Miss Maloney purchased land in the district, and is superintending the improvements to the same. It is understood that it is a school near to the open for engagements for teaching.

W. Cunliffe and staff are busy painting the school house. They were put back in their work by the late storms last week. It is expected that it will be ready for occupation in about a week, and Miss Wain is preparing the school and other friends assisting to give a good send off.

IRRICANA.

There were upwards of seven hundred people in Irricana on the 24th. The day was a decided success throughout. The horse races were good. Irricana won both baseball and football from Carbon, and the ball in the evening was largely attended.

J. W. Elliot is back again from Saskatoon.

Notices are out announcing the opening of the new union school on June 5. Several speakers of note will be present and deliver addresses.

Rev. J. Reid was in Calgary for a couple of days last week attending for opening of the new school.

Rev. H. W. Cook is going to attend the conference.
